

MEMORANDUM OF AGREEMENT made as of the 23rd of June, 2017 (the “**Funding Agreement**”)

Between: **LA FONDATION PIERRE ELLIOTT TRUDEAU /
THE PIERRE ELLIOTT TRUDEAU FOUNDATION**

(herein referred to as the “**Foundation**”)

AND: ■

(herein referred to as the “**Scholar**”)

WHEREAS the Foundation annually awards scholarships of a total value of up to \$180,000 over three years to Canadian and international doctoral students in the fields of humanities and human sciences of direct relevance to the future of Canada;

WHEREAS the Scholarship is available for research, travel, networking within and beyond the Foundation’s community, knowledge dissemination, attendance at the Foundation’s annual events and tuition at an Eligible Institution or Foreign Eligible Institution, in themes of study identified by the Foundation – namely, human rights and dignity, responsible citizenship, Canada in the world and people and their natural environment – to improve understanding of the most fundamental and pressing social and public policy questions facing Canada in a changing world;

WHEREAS the Scholar has demonstrated strong leadership potential in the area of ■ and the Scholar’s file has been reviewed by an independent file review committee of eminent researchers and intellectuals and following which the Scholar has been approved by the Foundation’s Board of Directors to be awarded a Scholarship, the whole as more fully herein set forth;

WHEREAS once the Scholarship terminates, the Scholar will be invited to join the Trudeau Foundation Society, the Foundation’s association of alumni Scholars, Mentors and Fellows. The Scholar will also be invited to continue to attend Public Interaction Program events and to contribute to the Foundation’s areas of inquiry.

NOW THEREFORE THIS AGREEMENT WITNESSETH:

1. THE SCHOLARSHIP

- 1.1 The Foundation hereby grants to the Scholar a Scholarship in the aggregate amount of one hundred and eighty thousand dollars (\$180,000) (the “**Scholarship**”) as set out in Section 3.
- 1.2 The Scholarship shall be paid to the Scholar in accordance with the payment schedule set forth in Section 4.

2. DUTIES AND OBLIGATIONS OF THE SCHOLAR

The Scholar agrees that throughout the term of the Scholarship, the Scholar shall comply with the terms of this Agreement and further agrees that:

- 2.1 The Scholar will maintain a standard of ethical conduct that will uphold the good reputation of the Trudeau Scholarship Program and the Foundation;
- 2.2 The Scholar will comply with all Foundation policies, some of which are annexed hereto and all of which are available at the Foundation’s website at www.trudeaufoundation.ca;
- 2.3 The Scholar will actively participate in the Foundation’s Public Interaction Program (“**PIP**”), an innovative network of academic interchange and public engagement that seeks to build literacy, grow the capacity to engage others around issues of importance for Canada and the world, generate ideas about these issues and support the search for practical and innovative solutions. At a minimum, active participation in the PIP signifies that, for each of the years that s/he is a Scholar, the Scholar will attend the Annual Foundation Conference, the Mentor-Scholar Retreat and the Summer Institute in their entirety. In the event of exceptional circumstances, such as illness or a death in the family, the Foundation may excuse the Scholar from attending these events;
- 2.4 Each year, the Foundation appoints Trudeau mentors (the “**Mentors**”) active in business, politics, community development, arts and culture, philanthropy, public service, journalism and other areas to help Scholars to integrate a public policy perspective into the Scholar’s research and better communicate the Scholar’s findings to different audiences. The Foundation matches Mentors and Scholars in light of the Scholar’s interests, profile and experience; Mentors help Scholars transition from the academic to the practical world. The Scholar will develop a relationship with the Scholar’s Mentor by communicating with the Mentor regularly, initiating and accepting invitations to and from the Mentor and looking for ways to learn from the Mentor in general. The Scholar will also actively reach out to other Mentors and

members of the Foundation's network whose experience or interests might inform the Scholar's work;

- 2.5 From time to time, the Foundation will identify targeted areas of inquiry around which it will concentrate some of the expertise of its community and orient its PIP and its partnerships. The Scholar will contribute to one or more of the Foundation's areas of inquiry by offering to collaborate in an existing project, by proposing a project of the Scholar's own, or by otherwise helping to advance the objectives of the Foundation's areas-of-inquiry initiative;
- 2.6 The Scholar will work with at least two (2) recipients of a Trudeau Fellowship who are affiliated to Eligible Institutions outside the province to which the Scholar is affiliated, or who are affiliated to Foreign Eligible Institutions.

The Scholar's failure to adhere to the stipulations set out in this Section 2 may result in the suspension or termination of the Scholarship and of the payments referred to in this Agreement.

3. SCHOLARSHIP PAYMENT

- 3.1 The Scholarship is tenable for three years. A scholarship may be available for a fourth year, under the terms and conditions set out in Schedules A and B and subject to application being made therefor during the third year. The fourth-year scholarship is designed to allow the Scholar to write a dissertation or disseminate the Scholar's research; the financial conditions for the dissertation or dissemination scholarship depend on the budget available for a given cohort.
- 3.2 To be eligible for funding, a Scholar must be enrolled full-time in an Eligible Institution in a doctoral program approved by the Foundation.
- 3.3 The Scholar cannot benefit from a Scholarship while working full-time.
- 3.4 The Scholarship is comprised of two distinct financial categories:
 - 3.4.1 **The Stipend.** A stipend (the "**Stipend**") of up to \$40,000 per year intended to cover the cost of tuition, reasonable living expenses as well as training and development.
 - 3.4.1.1 **Adjusted Stipend:** If the Scholar holds another scholarship or fellowship and if the total value of those outside awards exceeds \$10,000, the Foundation will deduct from the Stipend the amount of the cumulative awards that exceeds \$10,000. Upon making the initial application for the Scholarship and on or prior to August 1 of each calendar year thereafter during the term of the Scholarship, the Scholar will submit to the Foundation a written declaration as

to the scholarship or fellowship awards to which the Scholar is entitled in respect of the forthcoming academic year.

- 3.4.2 **The Annual Travel and Networking Allowance (the “ATA”).** A travel allowance of up to \$20,000 per year available to support research-related travel approved by the Foundation and to cover networking expenses associated with the PIP.
- 3.5 **Time Spent Away From the Home University.** During the tenure of the Scholarship, the Scholar will conduct research or Studies at least one Eligible Institution at a location away from the Scholar’s home university and outside the province in which that university is located or one Foreign Eligible Institution. An “**Eligible Institution**” means a university in Canada that grants doctorate degrees and a “**Foreign Eligible Institution**” means a university outside Canada that grants doctorate degrees and that is determined by the Foundation to be a Foreign Eligible Institution. “**Studies**” include activities such as doing joint research, giving a conference or attending a seminar. Time spent outside of Canada must be related directly to the Scholar’s research, Studies or a PIP event. Where the Scholar who is registered in a full-time doctoral program at an institution in Canada undertakes approved research work outside Canada, Foundation support for such work is limited to a cumulative total of up to four months per academic year, unless otherwise authorized in advance by the Foundation. This timeframe also applies to any joint program with a university other than the home university. The ATA may be used, in part, for such research, Studies or PIP events.

4. PAYMENT SCHEDULE OF THE STIPEND

- 4.1 **Payment Schedule.** If the Scholar is in compliance with the terms and conditions set out herein, the Foundation will disburse the Stipend (adjusted pursuant to the provisions of Section 3.4.1.1) to the Scholar as follows:
- 1st instalment – mid-August 40% of adjusted Stipend
 - 2nd instalment – mid-December 30% of adjusted Stipend
 - 3rd instalment – mid-May 30% of adjusted Stipend
- 4.2 Each semester, the Scholar must submit proof of full-time enrolment in a doctoral program (letter from the department or official transcript).
- 4.3 The above payment schedule applies to the Scholar who commences his or her approved full-time doctoral program in the autumn term. The payment schedule will be adjusted if the Scholar starts at a later date.
- 4.4 It is possible for the Scholar to interrupt the Scholarship for up to one year. The leave of absence must be for one of the following reasons: parental leave, death of a close relation, or serious illness and is subject to approval by the Foundation. The Scholar must provide relevant documentation when requesting a leave.

5. REIMBURSEMENT OF THE ATA

5.1 **Who submits an expense claim.** Only the Scholar may submit an expense claim. With the exception of advances authorized under Section 5.2.6, expenses must be borne by the Scholar, with reimbursement requested subsequently.

5.2 Eligible expenses.

5.2.1 To be eligible, expenses must relate to the following activities and are subject to the further provisions of this Agreement:

- Studies;
- Research at an institution or fieldwork location away from the home university;
- Any PIP event to which a Scholar is invited by the Foundation, including:
 - Annual
 - Foundation Conferences
 - Trudeau Summer Institutes
 - Trudeau Lectures
 - Trudeau Scholar-Mentor Retreat
 - Trudeau Scholars' Workshops
 - Any other PIP event organized in partnership with the Foundation
 - A pre-approved language training program in Canada. To be eligible for fee reimbursement, the Scholar must enroll in a recognized language school and must provide the Foundation with a proof of completion for the private or group language courses (transcript, attestation, etc.)
- The pre-approved visit of an expert for research-related purposes; the Scholar must inform the expert that his or her expenses will be subject to the terms and conditions herein.
- Transportation;
- Accommodation;
- Pre-approved per diems for stay outside Canada/USA;
- Pre-approved conference fees;
- Pre-approved dependent care;
- Pre-approved transcription of interviews and compensation to participants for research interviews;
- Pre-approved moving expenses for research purposes.

5.2.2 Other expenses are not eligible unless pre-approved.

5.2.3 **Dependent care.** The Foundation will reimburse pre-authorized reasonable dependent care expenses that are incurred as a result of a research trip or travel to a PIP event. The Scholar may claim up to \$35 per day per household with

a signed declaration or up to a daily maximum of \$75 per household with a receipt. Original receipts must be submitted. Any amounts paid on account of expenses incurred while the Scholar is on approved leave will be deducted from the ATA otherwise available to the Scholar in the first academic year following the approved leave.

5.2.4 Participant fees and cost of transcribing interviews. When pre-authorized by the Foundation, interview transcription expenses related to the Scholar's research may be reimbursed. Original receipts must be submitted.

5.2.4.1 Compensating participants for research interviews is allowed. The Scholar must provide proof of payment, i.e., a letter signed by the participant that includes the fee, the name of the person, why the person was compensated and whether the payment was in cash or in kind. In addition, the doctoral supervisor must provide the Foundation with a letter confirming that the fee is appropriate.

5.2.4.2 If a gift is given in lieu of cash, the Scholar must provide the original invoice for the gift in addition to a signed letter from the participant acknowledging receipt.

5.2.5 Moving expenses for research purposes. When pre-authorized by the Foundation, moving expenses may be reimbursed. The doctoral supervisor must provide the Foundation with a letter explaining that the move is essential for the Scholar's research. Original receipts and proof of payment in the Scholar's name are required.

5.2.6 Requesting an advance. When required, advances may be requested for estimated travel expenses of \$1,500 or more. To request an advance, a Scholar must describe the purpose of the trip, the expected travel dates and an itemized estimate of reimbursable expenses. Advances may only be obtained for expenses that must be paid before a voyage (plane tickets, conference fees, etc.). To request an advance, Scholars must follow the usual procedure for reimbursement of expenses, noting on the Expense Claim Form a reduction in the amount claimed equal to the amount of any outstanding advance(s). Advances are not available for visiting experts. The full travel advance must be reimbursed to the Foundation if the trip is cancelled.

5.3 When and how to submit an expense claim. The Scholar must submit the expense claim no later than sixty (60) days after return from the travel to which the expense relates; each claim may relate to more than one trip. Claims may be submitted at any time during the academic year with the exception of the following:

- *Foundation's fiscal year-end:* Given that the Foundation's fiscal year end is August 31, outstanding expenses for the period ending August 31 must arrive at the Foundation no later than September 15 to facilitate the annual audit

process. Expenses not claimed by that date may be deemed ineligible for reimbursement by the Foundation.

- *In case of an advance:* The necessary documentation (original receipts, invoices, etc.) related to an advance must be submitted no later than 20 days after the end of the trip for which the Scholar received the advance. If the trip is scheduled close to the Foundation's year-end, i.e., from August 15 to September 15, the Scholar must provide prior to September 15 as many receipts as possible related to the trip.

5.3.1 The Scholar should allow more than one month for payment during the summer, the annual audit process (September-October) and the December holidays.

5.3.2 All expense claims under the ATA are to be completed using the appropriate Scholars' Expense Claim Forms available on the Foundation's website at www.trudeaufoundation.ca. One form is for PIP-related reimbursements, which are non-taxable; the other is for research-related reimbursements, which are taxable.

5.4 **ATA start date.** The start date of the first ATA period for a Scholar enrolled in an approved full-time doctoral program starting in the fall is triggered when the Foundation has confirmed by email that it is in receipt of the following documents:

- a fully executed original of this Agreement; and
- the documents requested in Section 6.1 of this Agreement.

5.4.1 The ATA period ends on August 31 of the year following this confirmation. In subsequent years, the ATA runs from September 1 to August 31.

5.4.2 These dates will be adjusted forward if the Scholar's program starts other than in the fall.

5.5 **Approved leave and PIP participation**

5.5.1 The Scholar may interrupt the Scholarship for up to one year. The leave of absence must be for parental leave, the death of a close relation, or serious illness and is subject to approval by the Foundation. The Scholar must provide relevant documentation when requesting a leave.

5.5.2 The Scholar on approved leave who wishes to participate in a PIP activity may use the ATA, provided that any amounts expended under such ATA will be deducted from the ATA available to the Scholar for the first academic year following the leave of absence.

5.5.3 If the Scholar is on approved leave as described in Section 5.5.1 and if the Scholar must travel with a child under the age of two and must be accompanied by a third person in order to see to the child's needs during the

Scholar's participation in a PIP activity, the Scholar may use the ATA to cover the reasonable travel expenses of this child and the third party.

- 5.5.4 If the Scholar decides not to pursue his/her doctorate after the approved leave, any amounts used from the ATA during the leave must be reimbursed by the Scholar to the Foundation.

SCHEDULE A APPLICATION CRITERIA FOR THESIS-WRITING SCHOLARSHIPS FOURTH-YEAR OF FUNDING AND SUPPORT

The Trudeau Scholarship Program supports doctoral students actively engaged in human sciences and humanities research who are expected to become leading national and international figures. Through its Thesis-Writing Scholarship, the Foundation may offer both financial and non-monetary support to assist Scholars in writing their dissertations and completing their doctorates. As this program is funded with the savings generated by external awards held by the Scholars of a given cohort, the financial conditions for the Thesis-Writing Scholarship may vary. The Foundation also reserves the right not to offer Thesis-Writing Scholarships or to discontinue the Thesis-Writing Scholarship Program without further notice.

The Thesis-Writing Scholarship's requirements are as follows:

A letter from the Doctoral Supervisor specifying:

- progress toward the successful completion of the doctoral degree program
- academic program requirements yet to be completed (i.e., courses, comprehensive exams, dissertation, etc.)
- expected submission date of the doctoral dissertation
- anticipated date of the dissertation review

The following must also be submitted:

- a letter of support from the Trudeau Mentor
- a summary of the Scholar's involvement in the Foundation community
- comments on the experience of being a Trudeau Scholar
- a detailed working plan for the fourth year
- other anticipated sources of funding for the fourth year

During the period in which the Thesis-Writing Scholarship is in force, the Scholar may interrupt the Scholarship for a one-time leave of absence of up to six months. The Scholar must provide relevant documentation when requesting a leave. Section 5.5 of the Trudeau Scholarship Funding Agreement applies, with the necessary modifications to the leave. In addition, if a Scholar's doctorate is not sufficiently advanced to make use of the Thesis-Writing Scholarship, the Scholar may delay the commencement of the Scholarship for a maximum period of one term. No funds shall be granted by the Foundation during the delay period.

The granting of a Thesis-Writing Scholarship is not automatic and the number of such scholarships is limited. For this reason, Doctoral Supervisors, Mentors and Scholars are welcome to add any comments that will help the Foundation better evaluate whether continued funding and support will enable the Scholar to both complete his or her thesis and successfully obtain a doctoral degree. The Scholars are encouraged to enroll in a writing

seminar, through their university, before the Thesis-Writing Scholarship commences, if they think it is necessary.

Send the application documents by mail or courier directly to Josée St-Martin, the Foundation's Scholarships Director. Scholars who wish to apply for a Thesis-Writing Scholarship must submit the required documents no later than December 1 of the third year of the Trudeau Scholarship or as previously agreed with the Scholarships Director. The Foundation will make a final decision no later than four months after receiving the documents. This decision is final.

Terms and conditions set out in Schedule A of the Funding Agreement are subject to change.

SCHEDULE B APPLICATION CRITERIA FOR DISSEMINATION SCHOLARSHIPS FOURTH-YEAR OF FUNDING AND SUPPORT

The goal of the Dissemination Scholarship is to allow Scholars to publish the results of their doctoral research. As this program is funded with the savings generated by external awards held by the Scholars of a given cohort, the financial conditions for the Dissemination Scholarship may vary. The Foundation reserves the right not to offer Dissemination Scholarships or to discontinue the Dissemination Scholarship Program without further notice. The Dissemination Scholarship can include the following expenses:

- participation in symposia and scientific activities
- participation in publishing and research dissemination activities
- funds to hire a research assistant, translator or professional editor
- membership fees for a professional order or association
- document photocopying and layout

Selection will be based on the following components:

A letter from the Scholar's Doctoral Supervisor specifying:

- one or more letters of intent presented to the institutions where the Scholar wishes to undertake the dissemination OR a letter of admission from the institution at which the Scholar will undertake the dissemination work
- a detailed description of the project involving the dissemination of ideas and the transfer of knowledge through networking and publishing
- the number of days required to support the publication process

The following must also be submitted:

- a summary of the Scholar's involvement in the Foundation's community
- comments on the experience of being a Trudeau Scholar
- a letter of support from the Trudeau Mentor

During the period in which the Dissemination Scholarship is in force, the Scholar may interrupt the Scholarship for a one-time leave of absence of up to six months. The Scholar must provide relevant documentation when requesting a leave. Section 5.5 of the Trudeau Scholarship Funding Agreement applies, with the necessary modifications, to the leave. The granting of a Dissemination Scholarship is not automatic and the number of such scholarships is limited. For this reason, Doctoral Supervisors and Scholars are welcome to add any comments that will help the Foundation better evaluate whether continued funding and support will enable the Scholar to successfully complete the dissemination project.

Send application documents by mail or courier directly to Josée St-Martin, the Foundation's Scholarships Director. Scholars who wish to apply for a Dissemination Scholarship must submit the required documents no later than December 1 of the third year of the Trudeau Scholarship or as previously agreed with the Scholarships Director. The Foundation will make a final decision no later than four months after receiving the application documents. This decision is final.

Terms and conditions set out in Schedule B of the Funding Agreement are subject to change.

SCHEDULE F TRAVEL POLICY

1. INTRODUCTION

This Travel Policy states the goals, principles, and procedures used by the Pierre Elliott Trudeau Foundation (the “Foundation”) to govern the travel on Foundation business undertaken by scholars, mentors, fellows, members, directors, staff, and other travellers (the “traveller”). This policy may be updated from time to time as required.

2. GOALS AND PRINCIPLES

The Foundation’s Travel Policy has the following goals:

- To ensure the exemplary management of the Foundation’s resources, drawing on standards in effect in similar organizations;
- To optimize the use of resources allotted for travel;
- To offer travel conditions that meet travellers’ legitimate needs and expectations;
- To simplify program administration by clarifying travel rules and reducing the number of requests for authorization addressed to Foundation personnel; and
- To realize savings on travel and accommodations costs and reinvest these savings in causes related to the Foundation’s mandate.

The following principles govern the policy:

- Travellers should make a fair, transparent, prudent and responsible use of the Foundation’s resources;
- Travellers should take the environmental and social impacts of their travel options into account; and
- Among other considerations, travellers should consider how their travel option could affect the Foundation’s image and reputation.

3. PROCEDURES

3.1 Research, travel and networking allowance

The travel expenses of the Foundation’s scholars and mentors from all cohorts will be deducted from those individuals’ research, travel and networking allowance in compliance with the financing agreements currently in effect. Similarly, the travel expenses of the Foundation’s fellows from the 2014 cohort onward will be deducted from those individuals’ research, travel and networking allowance on account at the Foundation, when such travel is incurred to take part in events organized by the Foundation. The costs of fellows’ research-related travel (travel incurred not to attend Foundation events, but to conduct research and networking) may be

charged to fellows' fellowship funds on account at their university, as per the funding guidelines circulated to Trudeau fellows upon their appointment.

Based on the application of this policy, Foundation Management may, at any time, refuse to cover an expense considered unjustified or unreasonable. A program beneficiary's refusal to comply with this policy or his or her provision of a false statement could provide cause for termination of the scholarship, mentorship or fellowship funding agreement between the program beneficiary and the Foundation.

3.2 Air travel

- 3.2.1 Travellers must, to the extent possible, book their flights through the Foundation's travel agent (see Appendix C). While service fees apply (\$55 for domestic flights and \$85 for international flights), this aims to regroup air travel to achieve economies of scale and to facilitate the application of this policy as well as accounts reconciliation.
- 3.2.2 Travellers must travel in economy class, making their reservations in advance and adapting their schedules to take advantage of reduced fares rather than paying the full cost of economy class.
- 3.2.2 If a traveller adjusts his or her travel schedule in order to reduce the total travel cost (for example, by staying at the destination over a Saturday night), a claim for accommodation and incidental expenses will be accepted, as these additional expenses were incurred to save money on an economy-class ticket. Air travel at full economy cost must be authorized in advance by the Foundation.
- 3.2.3 The Foundation may authorize business-class travel for trips over nine hours long. The traveller must request authorization prior to purchasing his or her ticket and must justify the reasons for his or her request. The duration of the trip is calculated based on flight departure and arrival time.
- 3.2.4 The purchase of a business-class night flight will be permitted if this purchase reduces the total cost of the trip to an amount less than the trip would have cost had the traveller stayed overnight.
- 3.2.5 If no other alternative exists, the Foundation can authorize business-class travel in exceptional circumstances, if, for example, a traveller has to return home sooner than expected because of illness, accident, or emergency.
- 3.2.6 Reservation changes must be minimized to avoid change fees. If a traveller considers a change fee justified, for example in the case of illness or *force majeure*, the traveller may submit the grounds for that justification when he or she requests reimbursement of the fee from the Foundation. If the Foundation does not consider the change justified, the change fee will remain for the traveller's personal account.
- 3.2.7 Boarding passes must be kept and submitted with the expense claim, along with airplane tickets, for verification purposes. Electronic boarding passes are accepted.

3.3 Train travel

- 3.3.1 Travellers must travel in economy class, making their reservations in advance and adapting their schedules to take advantage of reduced fares rather than paying the full cost of economy class.
- 3.3.2 Reservation changes must be minimized to avoid change fees. If a traveller considers a change fee justified, for example in the case of illness or *force majeure*, the traveller may submit the grounds for that justification when he or she requests reimbursement of the fee from the Foundation. If the Foundation does not consider the change justified, the change fee will be for the traveller's personal account.
- 3.3.3 Boarding passes must be kept and submitted with the expense claim, along with the train itinerary and receipt, for verification purposes. Electronic boarding passes are accepted.
- 3.3.4 Travelers are encouraged to take advantage of the Foundation's discount code number 811025 with Via Rail Canada.

3.4 Collective transportation modes

- 3.4.1 Travellers are encouraged to use public transit and other shuttles whenever available, for instance in urban setting or for transfers to and from an airport or train station. Collective transportation modes often present a more environmentally, economical, and effective transportation option.
- 3.4.2 Travellers may claim the cost of the tickets purchased.

3.5 Vehicles

- 3.5.1 Vehicle transportation costs will be reimbursed when travelling by vehicle is the most practical and economical method of travel.
- 3.5.2 The choice between renting a vehicle and using the traveller's own vehicle must be based on cost.
- 3.5.3 Vehicle rental
 - 3.5.3.1 Vehicle rentals are limited to seven days per trip, unless prior authorization is obtained from the Foundation.
 - 3.5.3.2 Travellers must rent compact vehicles.
 - 3.5.3.3 In addition to the cost of renting a vehicle, travellers may claim fuel costs and insurance as required.
 - 3.5.3.4 If a vehicle rental is connected to air travel, the traveler is encouraged to rent a vehicle through the Foundation's travel agent as per paragraph 3.2.1. No additional service fees apply.

3.5.4 Personal vehicle

3.5.4.1 Reimbursement is based on a certain rate per kilometre. To determine the per-kilometre rate that applies to the province or territory where the vehicle is registered, please consult Appendix A. These rates will be adjusted from time to time as necessary.

3.5.4.2 Fuel costs cannot be claimed, as they are included in the per-kilometre rate.

3.5.4.3 An itinerary justifying kilometres travelled (a departure-to-destination itinerary from Google Maps, for example) must be submitted with the claim.

3.5.5 Parking and taxis

3.5.5.1 Travellers may claim reasonable parking expenses incurred for activities related to the Foundation's goals.

3.5.5.2 Travellers may claim reasonable taxi costs incurred for activities related to the Foundation's goals.

3.5.5.3 Original receipts must be submitted with the claim.

3.6 Other methods of transportation

3.6.1 Travellers must travel in economy class and look for the lowest available price for their travel. The original receipts, itinerary and ticket stubs must be submitted with the claim.

3.7 Accommodations

3.7.1 Reasonable accommodation expenses (commercial accommodations or board in a boarding facility) will be covered. Before booking their accommodation, travellers should consider factors such as distance from the place of business, access to public transit, Internet access, and breakfast costs, which may impact the cost of the overall trip.

3.7.2 Travellers may stay in a standard hotel room for a maximum of seven days, unless they have authorization to stay for a longer period.

3.7.3 Travellers may stay in private non-commercial accommodation: a private dwelling or non-commercial facilities where the traveller does not normally reside. Non-commercial accommodations costs will be reimbursed as per the daily allowance set out in Appendix B. The allowance is intended to cover expenses such as the cost of groceries or a gift to the hosts. This allowance will be adjusted from time to time as necessary.

3.7.4 The cost of non-commercial accommodations (for example, a boarding house or apartment rental) for a period longer than seven days will be reimbursed if prior authorization is obtained from the Foundation. Original receipts must be submitted with the claim.

3.7.5 If the accommodation is connected to air travel, the traveler is encouraged to book the hotel through the Foundation's travel agent as per paragraph 3.2.1. No additional service fees apply.

3.8 Meals

3.8.1 Travellers' meal expenses will be reimbursed as per the allowance set out in Appendix B. The allowance will be adjusted from time to time as necessary. Receipts are not required to claim per diems.

3.8.2 Alternatively, if travellers' expenses are less than the allowance set out in Appendix B, travellers may choose to submit original receipts for meals. Detailed original receipts must be submitted with the claim. A credit card receipt alone is not sufficient.

3.8.3 A meal allowance shall not be claimed if a meal was provided by the carrier or at a meeting the traveller attended.

3.8.4 Meal claims may include alcohol, on the understanding that the Foundation only reimburses the reasonable consumption of alcohol when taken with a meal.

3.8.5 Foundation community members other than staff may not incur hospitality expenses on the Foundation's behalf.

3.8.6 When meals are taken with other Foundation travellers, each traveller is responsible for claiming his/her own meal up to the limit set out in Appendix B.

3.9 Incidental expenses

3.9.1 Incidental expenses are incurred as a result of having to travel. They include but are not limited to such items as gratuities, laundry, dry cleaning, personal health or hygiene products, phone calls home, pet care, telecommunications hook-ups and service, and the shipping of some personal effects.

3.9.2 Travellers may claim the incidental expense allowance when their travel includes a night away. The Foundation applies the rates set out in Appendix B. These rates will be adjusted from time to time as necessary. Receipts are not required to claim the incidental expense allowance.

3.10 Other expenses

3.10.1 The Foundation will not pay for flight upgrades or flight segments on travel undertaken for purposes unrelated to the Foundation's affairs.

3.10.2 Upon presentation of detailed original receipts, telephone calls or internet connections for work purposes will be reimbursed to the traveller.

3.10.3 It is the traveller's responsibility to purchase health insurance, including repatriation insurance, any time such insurance is required for travel undertaken for purposes related

to the Foundation's affairs. If these are necessary and not covered otherwise for the traveller, the travel-insurance costs, as well as the costs of required inoculations and visas, will be reimbursed.

- 3.10.4 If a scholar on leave must travel with a child under the age of two and must be accompanied by a third person who will see to the child's needs during the scholar's participation in a Public Interaction Program activity, the scholar may use his or her travel and networking allowance to cover the reasonable travel expenses of this child and the third party.
- 3.10.5 For scholars, the Foundation will reimburse pre-authorized reasonable dependent care expenses that are incurred as a result of a research trip or travel to a PIP event. The scholar may claim up to \$35 per day per household with a signed declaration, to a daily maximum of \$75 per household with a receipt. Original receipts must be submitted.

3.11 Non-admissible expenses

- 3.11.1 Non-admissible expenses include but are not limited to passport issuance fees, international driving license costs, traffic or parking tickets, fines, fees, interest charges, carbon offset fees, change fees, late fees.
- 3.11.2 Goods and services of a personal nature such as personal hygiene products, beauty products, clothing, or pharmaceutical products cannot be claimed as they are already covered by the incidental expense allowance (see section 3.9).
- 3.11.3 Spouses' or dependents' travel, lodging, or other types of expenses will not be reimbursed by the Foundation, unless the traveller is on approved leave and such expenses have been pre-approved by the Foundation.
- 3.11.4 Any expense deemed inappropriate or excessive will be declined by the Foundation.

3.12 Claims for reimbursement

- 3.12.1 Expense claims should be submitted promptly to the Foundation for reimbursement using the Foundation's expense claim form. Exceptional circumstances aside, the Foundation will decline claims including expenses incurred more than two (2) months prior to the date of submission.
- 3.12.2 Given that the Foundation's fiscal year end is August 31, expenses incurred between July 31 and August 31 must arrive at the Foundation no later than September 15 to facilitate the annual audit process. Expenses not claimed by that date may be deemed ineligible for reimbursement by the Foundation.
- 3.12.3 The traveller must append all original receipts, invoices, and other supporting documents (for example: boarding passes, Google Maps printouts, Bank of Canada currency exchange rate calculations, credit card or bank statements) to the duly completed reimbursement form.

- 3.12.4 If the receipts, invoices, and other supporting documents do not provide sufficient information about a particular expense, the traveller must also provide a signed note describing the expense.
- 3.12.5 The traveller must be prepared to produce the necessary supporting documents demonstrating that the travel option chosen was the least expensive appropriate option for the trip. The Foundation reserves the right to decline a request for a full reimbursement if the charges incurred prove to be higher than what could have been obtained through the Foundation's travel agency and/or negotiated rates. In those situations, the Foundation will reimburse the traveller for reasonable costs based on receipts and on information obtained from the Foundation's travel agency.
- 3.12.6 The Foundation may ask travellers to present other documents or provide other information to support their claim.
- 3.12.7 Hotel and flight reservation confirmations are not considered to provide proof of payment. Other documents must be submitted (for example, a hotel account statement, a credit card receipt or a credit card statement).
- 3.12.8 Although the Foundation does not require receipts for per-diem expenses incurred during travel outside of Canada and the United States, we recommend that travellers keep their original receipts in the event that they are audited by the Canada Revenue Agency.
- 3.12.9 We strongly recommend that travellers keep photocopies of all original documents they submit with their claims.
- 3.12.10 Except during peak periods such as the financial year-end and the calendar year-end, when processing times could be longer, the Foundation undertakes to process claims for reimbursement within four (4) weeks of receiving a complete claim.

3.13 Exchange rate

- 3.13.1 The exchange rate used to convert foreign currency for business expenses incurred by the travellers should correspond with one of the following rates:
 - (a) the conversion rate indicated on the monthly credit card account statement or on the statement obtained from the exchange bureau; or, if not available,
 - (b) the conversion rate established by the Bank of Canada for the period in which the expense was incurred.

3.14 Format of claim and supporting documents

- 3.14.1 Whenever original receipts are required herein, it is understood that the claims and original documents may be submitted to the Foundation either in print or in electronic format (PDF files sent by email to Accounts Payable). In some instances, providing the information to the Foundation electronically may speed up the reimbursement process.

3.14.2 Submitting an electronic claim does not relieve the traveller from the obligation of providing original receipts to the Foundation or to a revenue agency. To that effect, it is recommended that the traveller retain all original documentation for a period of at least six years.

3.15 Audits by the Foundation

3.15.1 The Foundation has committed to undertaking systematic audits of a sample or the entirety of the travel claims of its travellers. Travellers should be prepared to provide original receipts and complete information to the Foundation at all time, including in instances where daily allowances were claimed.

3.15.2 When audited, the travellers are expected to fully cooperate with the Foundation to provide the information requested in a timely fashion.

4. DISTRIBUTION OF THIS POLICY

This policy applies to business travel undertaken with Foundation authorization: for activities related to a scholarship, mentorship, or fellowship awarded by the Foundation, such as learning, research and research dissemination activities or participation in events organized for or by the Foundation; and for social and professional activities undertaken for the Foundation, including representation and outreach activities.

Each new Foundation community member will receive a copy of this directive. The policy is updated from time to time, usually every year, on or around May 1st. An up-to-date version of this document is available on the Foundation's website at www.trudeaufoundation.ca.

E. APPLICATION

Foundation management, drawing on standards in effect in similar organizations, develops and updates the travel procedures, which are subject to change from time to time. Foundation personnel are responsible for enforcing the application of the Travel Policy.
