## FOREIGN POLICY PRIORITIES

Half of Canadians say the country should do more to work with other countries to address climate change and are willing to help pay for it through an additional \$100 per year in federal taxes

## In terms of each of the following, do you think that Canada...

■ SHOULD DO MORE □ SHOULD DO LESS ■ SHOULD DO ABOUT THE SAME

Working with other countries to address climate change

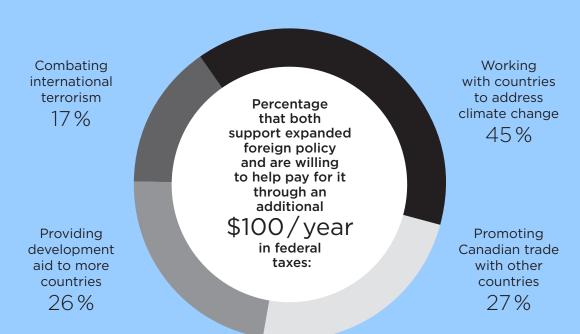

Promoting Canadian trade with other countries

Providing development aid to poor countries

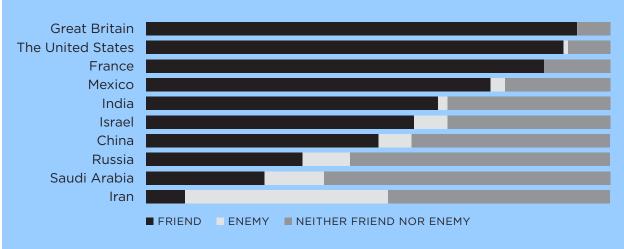

Combating international terrorism

## CANADA'S FRIENDS AND ENEMIES

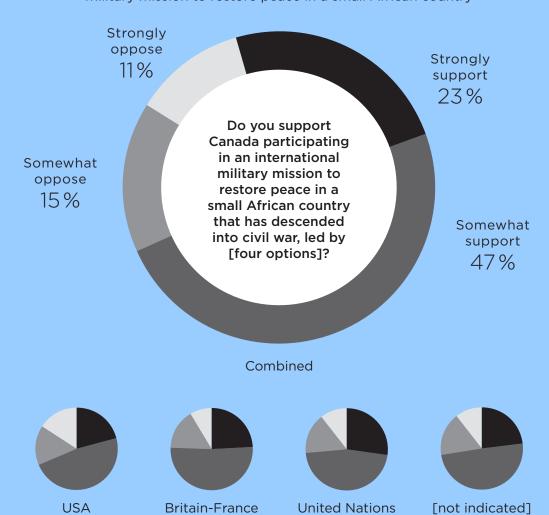

The public tends to see other major countries as friends of Canada, with very few labelling them as enemies, with the exception of Iran

Do you consider this country to be a friend of Canada, an enemy of Canada, or neither?

## SUPPORT FOR MILITARY MISSIONS ABROAD

Seven in ten Canadians would support a hypothetical international military mission to restore peace in a small African country
